Re: **Withdrawal Request — VCS Project ID 3324**

Dear Verra Registry Team,

Pursuant to Section 4.7.2 of the VCS Registration and Issuance Process, v4.6, **Carbonext Tecnologia em Soluções Ambientais Ltda.**, in its capacity as Project Proponent, hereby formally requests the voluntary withdrawal of the above-referenced project from the VCS Program, as well as from the CCB Program, as applicable.

This decision results from an internal governance and risk management assessment, exercised in accordance with the prerogative set forth in the partnership agreement entered into with the landowner.

For the sake of clarity, we confirm that the project has not been registered, no credits have been issued, and no environmental claims have been made under the VCS or CCB Programs.

We kindly request confirmation of receipt of this letter and guidance regarding any additional procedural steps that may be required.

Yours faithfully,
