Dear Janaina Dallan,

Project 3324: Response to exemption submitted on 24 February 2025

Verra grants an exemption to Section 4.2.4 of the *CCB Program Rules v3.1* to project 3324 to allow for an additional **30 days** to complete verification as the situation was unforeseeable.

Next steps:

The project must receive the first verification report and first verification statement within one year and thirty days of the initiation of the relevant verification public comment period.

Exemptions are granted by Verra on a case-by-case basis and do not form the basis of, or set a precedent for, future exemption request approvals or denials. This letter will be uploaded to the Verra Registry as a public document.

Background to the extension request:

This letter is in reference to your exemption request submitted to Verra on 24 February 2025. It is our understanding that Carbonext Tecnologia em Soluções Ambientais Ltda. is requesting an exemption from Section 4.2.4 of the Climate, Community & Biodiversity Program Rules v3.1 for Project 3324 - IPOÁ REDD+ PROJECT. The exemption requested by the project proponent is to extend the deadline of the submission of verification report and verification statement by sixty days.

Based on the information provided to Verra, it is understood that the project is unable to meet the requirement due to the findings that were raised during the registration review process may impact the rationale and quantifications of the first monitoring period.

Sincerely,

Manish Neupane
Director, Natural Climate Solutions, Program Management
