THIS DEED WITNESSES as follows:

1. INTERPRETATION

1.1 In this Deed:

"**Accountholder**" means the holder of an account in the Verra Registry;

"**AFOLU**" means agriculture, forestry and other land use;

"**Approved GHG Program**" means a GHG Program that has been approved by the Verra Board, through a gap analysis, as a VCS Program approved GHG Program;

"**GHG**" means greenhouse gas;

"**GHG Program**" means a formal or organized program, scheme or arrangement for the recognition of activities leading to Reductions or Removals, or the crediting or issuance of instruments representing, or acknowledging, Reductions or Removals;

"**Listing Representor**" is each party to this Deed, as set out at the start of this Deed; each Listing Representor being one or more of: (i) the Project Proponent, (ii) any entity to whom the Project Proponent has assigned all of its rights to the Project's Reductions or Removals for the entire Project Crediting Period; or (iii) an entity who has been authorized by the Project Proponent(s) to list the Project on the VCS Project Pipeline;

"**Project**" means REDD+ PROJECT ARARA PEOPLE;

"**Project Crediting Period**" means the time period for which Reductions or Removals generated by the Project are eligible for issuance as VCU's, the rules with respect to the length of such time period and the renewal of the project crediting period being set out in the VCS Standard;

"Project Description" means the document that describes the Project's Reduction or Removal activities and that uses either the *VCS Project Description Template* or the project description template specified by the relevant Approved GHG Program;

"Project Documents" means the documents required to register the Project and/or issue VCUs, as set out in VCS document *Registration and Issuance Process*;

"Project Ownership" means the legal right to control and operate the project activities. Distinct from proof of right;

"Project Proponent" means the individual or organization that has overall control and responsibility for the Project, or an individual or organization that together with others, each of which is also a Project Proponent, has overall control or responsibility for the Project. The entity(s) that can demonstrate Project Ownership in respect of the Project. For the avoidance of doubt where an individual executes this Representation in their capacity as an authorized office holder of the company who is the Project Proponent, this Representation is made by the company, not the authorized office holder;

"Reduction or Removal" means a reduction or removal of one metric tonne of CO₂ equivalent caused by the activities of a Project during the Project Crediting Period. Refer to the VCS Program Definitions for the full definitions for "GHG Emissions Reduction (Reduction)" or "Carbon Dioxide Removal (Removal).";

"Validation/Verification Body" or "VVB" means an organization approved by Verra to act as a validation/verification body in respect of providing validation and/or verification services in accordance with the VCS Program Rules;

"VCS Program" means the GHG Program operated by Verra which establishes the rules and requirements that operationalize the VCS to enable the validation of GHG projects and programs, and the verification of GHG emission reductions and removals;

"VCS Project Pipeline" means the list of Projects on the Verra Registry which are either *under development* or *under validation*;

"VCS Program Rules" means the rules and requirements set out in the *VCS Program Guide*, *VCS Standard* and the other VCS Program documents, as such rules and requirements may be updated from time to time;

"Verified Carbon Unit" (VCU) means a unit issued by, and held in the Verra Registry representing the right of an Accountholder in whose account the unit is recorded, to claim the achievement of a Reduction or Removal in an amount of one (1) metric tonne of CO₂ equivalent that has been verified by a validation/verification body in accordance with the VCS Program Rules. Recordation of a VCU in the account of the holder at the Verra Registry is prima facie evidence of that holder's entitlement to that VCU.

"Verra Project Database" means the database that provides public access to all Project and VCU information, including retirement and tracking of the AFOLU pooled buffer account (and serves similar functions for other Verra programs);

"Verra Registry" means the registry used by Verra that ensures all required Project and program documents have been submitted, maintains accounts of VCUs, issues and ensures the seamless flow of VCUs between registry accounts, and maintains custody and records of VCU legal ownership;

- 1.2 Documents referred to in this Deed but not defined shall be the VCS Program documents, as updated from time to time, to which the relevant term relates.

2.3.2 Neither Verra, nor any of its respective affiliates, directors, employees, agents, licensors and/or contractors, shall be liable with respect to any claims whatsoever arising out of this Deed or erroneous information within the Project Documents submitted to the Verra Registry for indirect, consequential, special, punitive or exemplary damages, including, without limitation, claims brought against Verra by Accountholders, Project Proponents, Validation/Verification Bodies or any other third party. This paragraph shall apply regardless of any actual knowledge or foreseeability of such damages;
